Monthly Shore Report: Usan and Tangleha

By David Kerr

This month saw us fishing usan with tangleha as a backup. With large swells and constant rain made conditions difficult but we set out with high hopes. With a slow start and a couple of small moves managed to find a couple of fish. But Gordon Mcfall seemed to pick the right spot landing 9 fish and winning the match with a bag weight of 19lb 3oz also taking the chocolate and the heaviest fish with a 5lb 1oz cod

Due to conditions we decided to pack up early and head down the road

Things were also slow at tangleha. With only 2 fish caught in the last half hour

Congratulations to Gordon Mcfall on the clean sweep
