Boat Reports

February Boat, Loch Etive 2022

The trip began on an almost flat calm morning with no rain for a change but that would change later in the day to just rain and more rain of the persistent type that penetrates your waterproofs.

On the first drop and almost immediately rods were getting that tell-tale rattle of whiting and spurdogs and shortly after the score board was being marked up. It was almost a fish a drop for some with 2 and 3 fish at a time quite common regardless of using fresh bait or the absolutely horrendous and stinking squid that I had brought along after the freezer defrosted.

By now almost all the rods were picking up fish and some good-sized whiting were making an appearance among rather small spurdogs when compared to a few months ago but a fish is still a fish and if it counts then who cares about size.

A move was made at slack water after the bites dried up and again almost immediately the fish made themselves known in the same quantities and size as before.

A special thanks to Jack our skipper for the hot tea, chicken noodle soup and sausage rolls that were supplied. A warm snack goes along way on a wet but cold day.

Before long it was time to go home.

Congratulations go to;

Joint Boat Winners - John Keegan and Bob McRae with 88 points each

Heaviest fish - Cliff Jamieson with a Thorn-back ray of 4Lb 11oz.
